About Us

Founded in 1968, the Malta Philharmonic Orchestra in its current formation brings together the best of Maltese talent and musicians hailing from ten other countries. Since its inception the Orchestra has been under the direction of Malta's most prominent musicians as its resident and principal conductors.

In September 2014 Brian Schembri joined the orchestra as its principal conductor, while Michael Laus became its resident conductor.

The orchestra's extensive calendar of events, places the MPO as Malta's leading cultural ambassador. Performing in more than 70 concerts a year, including regular symphonic concerts, annual opera productions, community outreach programmes and a number of concerts of a lighter musical genre in various prominent venues around the islands. The MPO also collaborates with foreign orchestras and opera companies, leading to various cultural exchange programmes. Over the past couple of years the MPO undertook its first tour to China, with performances in eight major cities, and has also performed at some of the main concert halls in Europe, including the Alte Oper in Frankfurt and the Musikverein in Vienna. Similar international performances are planned for the 2017-2018 concert season.

The MPO recently featured in some highly successful series of CDs. Most recently the MPO collaborated with the international label Naxos in a project featuring works by Maltese composer Charles Camilleri. A CD featuring the music of Polish composer Alexandre Tansman with the CPO label is set to be released in 2018.

Over the years the Malta Philharmonic Orchestra has performed with a number of distinguished concert artists, world-renowned conductors and also personalities from the pop world.

The orchestra is also a predominant exponent of Maltese composers and performers and is actively involved in education

programmes for children, involving them in workshops and bespoke performances with programmes targeting children and young families. The MPO is responsible for the orchestral training, research and professional development of young musicians, through the formation of the MPO Orchestra Academy and the Malta Youth Orchestra.

Under its new leadership, the MPO today continues to pride itself on developing its vision of delivering music of the highest calibre on the Maltese islands while also promoting our musical heritage abroad.

Support a Young Musician: The MPO is responsible for the training and development of Malta's young orchestral musicians. With a donation of €500 you may follow the training of one MYO musician and celebrate their achievement and successes throughout the year.

Endow an MPO Chair: Create a deeper connection with the orchestra, by designating your donation to a musician's "chair". With a gift of €2,000 you will support the position of a Section Leader and with €5,000 you will support the MPO Orchestral Leader. You will have the opportunity to meet the musician who currently occupies the endowed position in specific open rehearsals, as well as other events and receptions throughout the year.

Champion an International Musician

With a donation of between €3,500 and €10,000 you may be directly involved in bringing an international soloist to perform with the MPO. You may also wish to support the work of our Guest Leader for €5,000, Visiting Conductors for €7,500 or our Principal Conductor for €10,000.

Depending on the choice of your particular musician, your name will be associated with their appearance at our concerts, and you will get the opportunity to join us for an exclusive private event with the musician.

Sponsor an Orchestral Instrument

Musical instruments are valuable. Some rare instruments provide investment opportunity for investors, but for a musician the experience of playing on a good instrument is priceless! You may designate your donation of between €500 and €3,000 towards purchasing parts of orchestral instruments or their regular maintenance. With donations of between €3,000 and €10,000 you will help us buy orchestral instruments that will be used by our Youth Orchestra musicians to train on and MPO musicians when the need arises. More generous donations could go for the purchase of specific large orchestral instruments such as a Harp, Timpani or Marimba.

MPO Educational Programmes

The MPO invests in an extensive education and outreach programme, not least through running the Malta Youth Orchestra which offers training opportunities to our future professional musicians.

Music Workshops: A donation of €2,000 will affiliate you to the MPO's education and outreach events. In the past year these have included school visits to our rehearsals, music workshops for children and a creative music making event at Parliament.

Malta Youth Orchestra: The Malta Youth Orchestra (MYO) aims to skill Malta's talented young orchestral musicians, while giving them opportunities to develop their ambition and aspirations. Operating in collaboration with the MPO Academy, the MYO nurtures a sense of professionalism in our young musicians, through regular rehearsals, workshops, masterclasses and performances with local and international music tutors.

A donation of €2,500 will provide one month's orchestral training programme for MYO musicians and with €5,000 you will be affiliated with the MYO's public orchestral concerts.
